

## Areas for cooperation

### ENVIRONMENT

#### Science: data and knowledge

- Ongoing work cooperation at the scientific level, e.g. through TF HTAP, ICP Vegetation
- Work with UNEP to adapt Convention tools such as monitoring methods, guidebooks for other geographic scopes

#### Policy: exchange of experiences and good practices

- Global event on clean air
- Batumi Action for Cleaner Air

#### Capacity-building: participation in workshops

- Invitation to participate in subregional capacity-building workshops

### ENVIRONMENT

**Thank you!**

UNECE Convention on Long-range Transboundary Air Pollution
