

budget unless decided differently by the IG. Any partner organization (including an individual Participating Country) could provide their financial or in-kind contributions to a specified project, which is called a co-finance. If no co-finance is available for a certain project, such a project will not be approved nor implemented.

8. However, since details of the Project Fund is expected to be approved at the IG23 in 2021, it is planned to implement the Project Activities in 2021 by co-financing surplus of the Secretariat instead of EANET Project Fund and financial or in-kind contributions to a specified project from partner organizations such as participating countries, if possible.
