

- b. Encourage Participating Countries to provide their voluntary contributions to the Core Budget for fully operationalization of the Core Activities specified in WP&B 2021 and continue to provide their voluntary contributions for the Core Budget for the period of MTP of 2021-2025.
- c. Encourage Participating Countries to provide additional voluntary contributions including in-kind contributions to the Non-Core Activities to secure necessary resources to implement Non-Core Activities specified in WP&B 2021.
- d. Use some portion of the surplus accumulated in the Secretariat for the Non-Core Activities identified in MTP (2021-2025), setting aside remaining portion of the surplus necessary for contingency and running the daily operations of the EANET to absorb a time-gap between necessary expenditures and installation of voluntary contributions from Participating Countries.
- e. Agree with the basic concept of Project Fund described in MTP (2021-2025) and that early development of the Project Fund Mechanism is essential, and to request the Secretariat and the Network Center (NC) to develop the detailed the Project Fund Mechanism and supporting documents, such as the Guidelines on Project and Functioning and Funding Process to be discussed at the working group meetings before IG23 for its consideration and adoption.
- f. Task the Secretariat and the NC to organize the working group meetings after IG22 to discuss and prepare relevant documents defined in sub-paragraph (e) above by IG23 for its consideration and adoption.
- g. Note the Recommendations of SAC20 to IG22 (EANET/SAC 20/13 Annex 2) as a reference, and request the Secretariat and NC to consider to incorporate them in EANET operations, and reflect them in preparation of the draft WP&B 2022 for IG23 for its consideration, taking into account comments made at IG22.
- h. Request the Secretariat and the NC to prepare a draft document which summarizes the common understanding of the state of acid deposition problem gained through the EANET 20 years operations for further discussions and scientific inputs from SAC, with the intention to finalize it by IG23, with the view that such document would be useful to attract potential partners of EANET.
