

REVISION OF DRAFT TEXT FOR SUPPLEMENTARY DOCUMENT (ANNEX) TO EANET INSTRUMENT

Item 1 Definitions

1. “Atmospheric environment related substances” in this Annex means the related substances effecting the atmospheric environment.

Item 2

1. The categories of atmospheric environment related substances and areas of work to be covered in accordance with this decision/document are indicated in Attachment to indicate the current and expanded scope of the EANET.
2. Actual activities including non-core activities for the scope of the EANET shall be identified by and implemented pursuant to a decision of the IG.
3. Funding of activities including non-core activities under the Annex shall be pursuant to a decision of the IG.

Item 3

1. The provisions of Item 2 (Objectives and Scope), Item 3 (Principles), Item 4 (Monitoring and Reporting), Item 5 (Assessment), Item 6 (Research Activities), Item 8 (Public Awareness), Item 9 (Exchange of Information), Item 10 (Intergovernmental Meeting), Item 12 (Scientific Advisory Committee), and Item 13 (Network Center) of the Instrument shall apply *mutatis mutandis* to the Annex. References in those Items to “acid deposition” shall be replaced by “atmospheric environment related substances” as addressed in Items 1 and 2 of the Annex and caused by the atmospheric environment related substances identified in Attachment.
2. On monitoring and reporting (Item 4 of the Instrument), paragraphs 1, 5, 6, and 7 shall apply *mutatis mutandis* to the Annex. Participating countries can, as appropriate, decide on a discretionary basis to apply Item 4, paragraphs 2, 3. Participating countries can apply Item 4 paragraph 4 adhered to the principle of respective capabilities.
3. On Assessment (Item 5 of the Instrument), paragraph 2 shall be revised as “Periodic assessment reports on the state of atmospheric environment related substances in East Asia will be prepared based on the data reports acknowledged by participating countries, disseminated and made available to the public.”
4. On Research Activities (Item 6 of the Instrument), paragraphs 1 shall be revised as “The Participating Countries will promote studies issues related to atmospheric environment related substances. In areas where there is still no general consensus on scientific research including emission inventories, modeling, and human health effects,

research activities beyond methodology and capacity building need to be discussed further and agreed upon by participating countries.”

5. Items 7 (Education and Training), 11 (Secretariat), 14 (Financial Arrangement), 15 (Revisions or Modifications), 16 (End of Participation), and 17 (Participation of other countries) of the Instrument shall apply *mutatis mutandis* to this Annex.

6. The title of Exchange of Information (Item 9 of the Instrument), shall be revised as “Information Exchange and Technical Cooperation”. The content of the Item shall be revised as “The Participating Countries will promote and cooperate in the exchange of information related to atmospheric environment related substances including scientific, technological, technical, socio-economic, legal information as well as information on administrative measures. EANET shall facilitate support for pilot projects as well as clean air technology cooperation and transfer.”

7. The tasks, roles, and responsibilities of the Secretariat and the Network Center, as well as any subsidiary bodies established under the Instrument, shall *mutatis mutandis* apply to the Annex.

Item 4

1. The IG may review and revise this Annex as appropriate, based on proposals from any participating country together considering the assessment of the Medium-term Plan.
