

The Twenty-second Senior Technical Managers' Meeting  
of the Acid Deposition Monitoring Network in East Asia  
1 to 2 September 2021, Online Platform

### **Annotated agenda**

1. Opening of the Meeting

The meeting will be opened on the web. Director General of the Network Center (NC) for the Acid Deposition Monitoring Network in East Asia (EANET) and Coordination officer of UN Environment, Asia and Pacific Office will deliver the opening remarks.

2. Election of the Officers

The meeting will elect the officers of the meeting.

3. Adoption of the Agenda

The meeting will be invited to consider and adopt the Provisional Agenda (EANET/STM 22/3/1), Annotated Provisional Agenda ((EANET/STM 22/3/2) as well as the Draft Program (EANET/STM 22/3/3) of the meeting.

4. Progress of EANET activity

The NC will present the recent progress of EANET, including the expansion of scope of EANET. The meeting will be invited to share the information and make comments, if any.

5. Overview of the Preliminary Draft Data Report 2020

The NC will present the overview of the Preliminary Draft Data Report 2020 of the EANET based on the data and related information submitted by the participating countries. The meeting will be invited to consider the document and provide comments, if any.

6. Evaluation for the Results of the Inter-laboratory Comparison (ILC) Project 2020

The NC will present the overview of the ILC Project 2020 based on the results submitted by the participating countries, and explain the observed issues and problems. The meeting will be invited to exchange knowledge and experiences among the participants and the NC.

7. Consideration of the National Monitoring Plans (NMPs) 2021, Current Monitoring Activities for the EANET Monitoring and Overall Air Concentration Monitoring Status of the Participating Countries

All of the participating countries will make presentations on their NMPs including current capacities and future plan for the improving of the monitoring activities in their countries, and on the current activities for the EANET monitoring including technical problems encountered throughout the monitoring activities. The meeting will be invited to review the above issues, and is expected to discuss with their experiences and knowledge to solve the problems for their future innovation. The NC will also present a summary of the EANET activities.

8. Progress on the Revision of the Technical Manuals for Dry Deposition Flux Estimation and Air Concentration Monitoring

The draft contents of the Technical Manuals and the future schedule will be introduced by the NC. Then, the participants will be invited to make comments and suggestions on this topic.

9. Other issues

The meeting will discuss and consider other issues or general questions to be raised by the participants, the Secretariat and/or the NC.

10. Closing of the Meeting

The meeting will be closed by Deputy Director General of the Network Center (NC) for the Acid Deposition Monitoring Network in East Asia (EANET)
