

**TWENTY FOURTH SENIOR TECHNICAL  
MANAGERS ' MEETING  
ON 29TH-30TH AUGUST, 2023  
NIIGATA, JAPAN**

# The Acid Deposition Monitoring Activities in Cambodia 2023

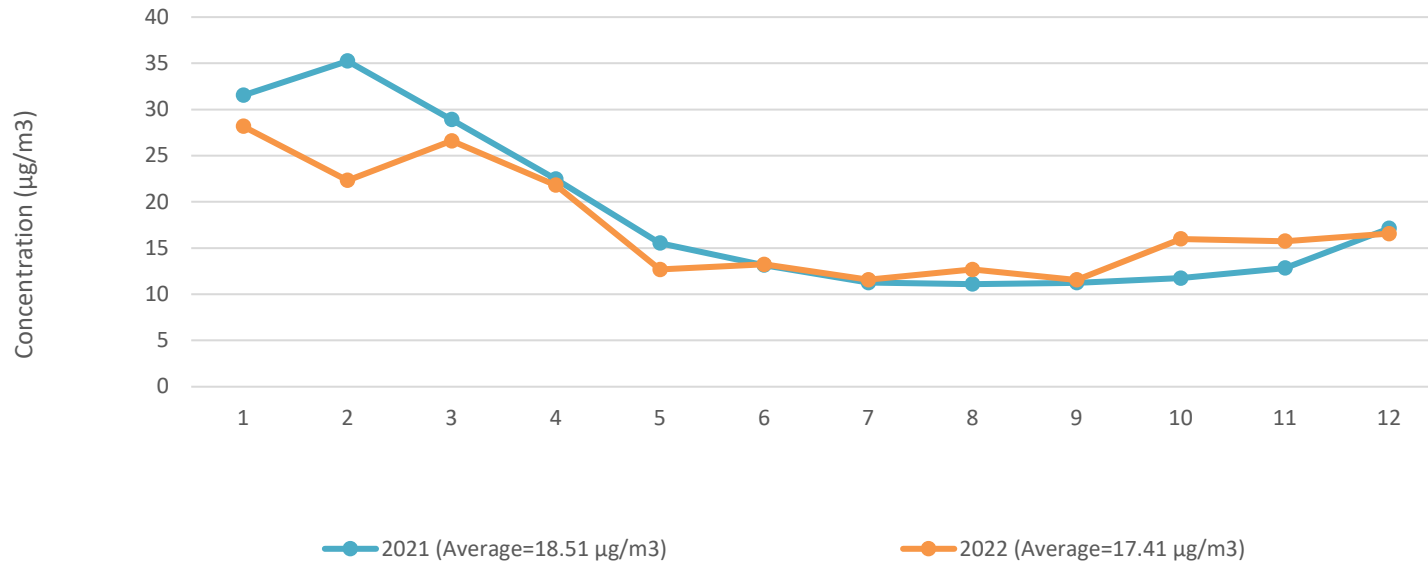

# Content

- **EANET Monitoring Site in Cambodia**
- **Wet Monitoring site activities**
- **Dry Monitoring site activities**
- **Inland Aquatic Monitoring**
- **PM<sub>2.5</sub> & Ozone Monitoring**
- **Current Issues**

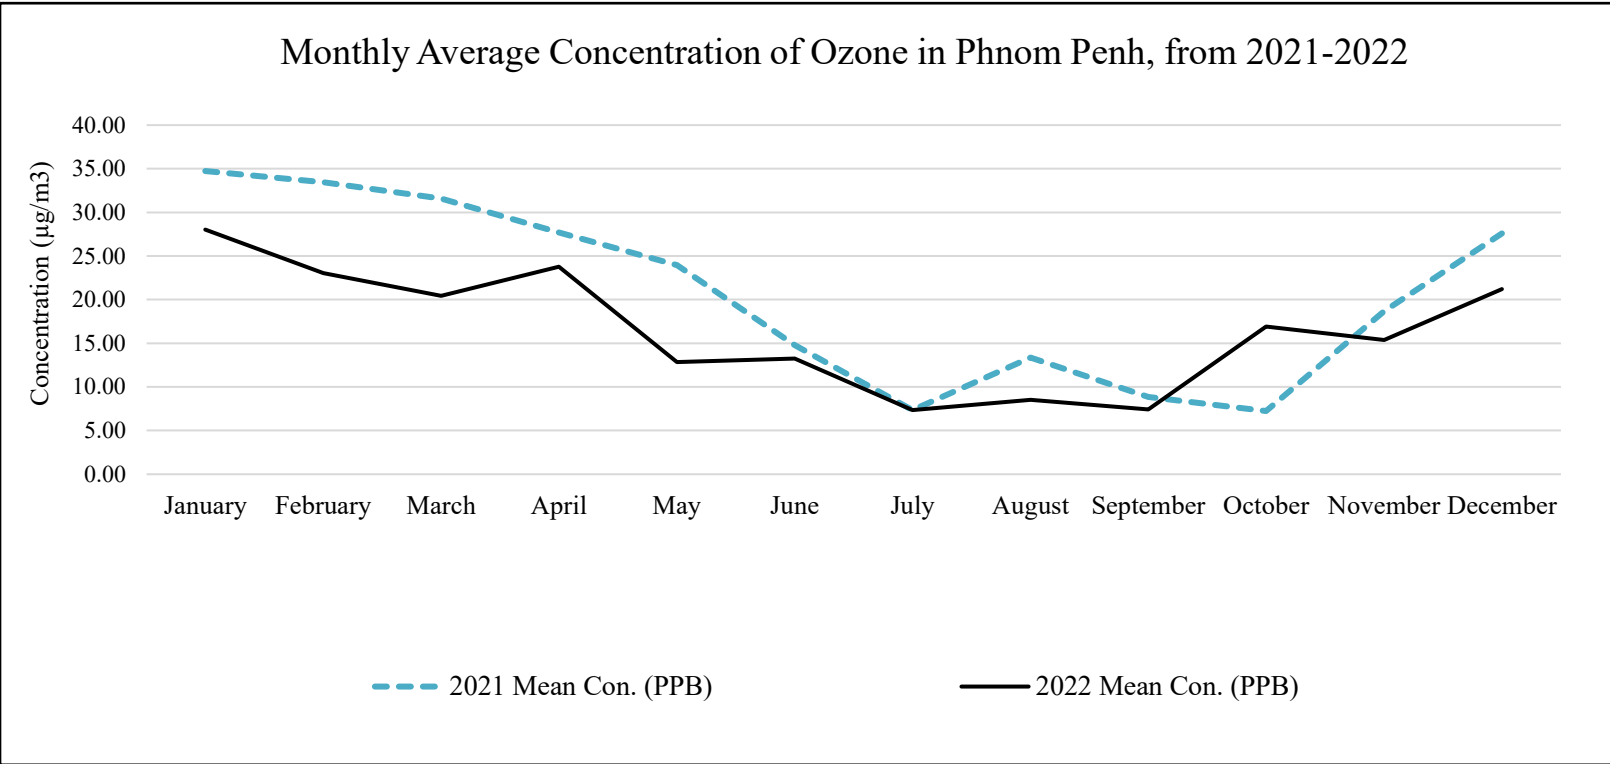

# PM2.5 Monitoring

## Average of PM2.5 in Phnom Penh from 2021-2022

# Ozone Monitoring

Monthly Average Concentration of Ozone in Phnom Penh, from 2021-2022

# Current Issues & Suggestion

## Current Issues

- Installation of wet and dry deposition are inappropriate
- Problems of ICS-90 Dionex

## Suggestion

- Requesting automatic monitoring.
- Supporting a technical team to solve problem for IC and sampler
- Provide standard solution, columns and eluent

Thanks for your attention!
